Education & Learning *checklist*

An investment in your children's education lasts them their entire life. We take a look at a range of education ideas, including establishments with excellent facilities and a variety of philosophies

Preparing pupils for life

September 2022 sees the launch of Eaton Square Senior School's Sixth Form. Located in a historic Belgravia townhouse just a short walk from London Victoria, this new sixth form is fundamentally future-focused, without losing sight of traditional values.

Students will be equipped to unlock their individual potential, becoming fit for the future in every sense. Eaton Square's entirely bespoke Preparation for Life programme fully prepares each student for life beyond school. Its modules span financial literacy, business basics, mental health, leadership and nutrition. Students can also choose three A-levels and the EPQ.

Unlike other sixth form offerings, Eaton Square is impressively distinguished from both an independent

sixth form college and from a school. Sebastian Hepher, principal of Eaton Square Schools, says: *"Instead, we pioneer the benefits of both: balancing the pastoral focus and academic framework of school life with the acute knowledge that sixth form students merit greater independence and ownership of their educational journey."*

By combining personal enrichment and academic success in a world-class setting, Eaton Square's pupils are on track to become tomorrow's leaders.
