

Eaton Square
Senior School

Independent School Parent – November 2021

Preparation for life

Eaton Square, a world-class family of schools with a big world view, is expanding. September 2022 will see the much-anticipated opening of Eaton Square Senior School's sixth form

Located in an elegant Georgian townhouse in the cultural, commercial hub of Belgravia, London, the **Eaton Square Sixth Form** is fundamentally future-focused, without losing sight of traditional values. Applying a rigorous academic priority to a vibrant, entirely bespoke educational framework; a structured Preparation for Life programme lies at its core. The aim? To fully prepare each student for life beyond school.

The **Preparation For Life** programme is impressively unique to Eaton Square. Enabling every student to take their place as a truly global citizen, modules span financial literacy, the basics of business, managing mental health, entrepreneurship, nutrition and leadership. Complementing this is the **Extended Project Qualification (EPQ)**: a sought-after qualification empowering students to pursue a project relevant to their unique interests and aspirations. Both require independent research, critical thinking, public speaking, writing and debate: all invaluable skills and vital for developing confident young adults who are ready to make their mark in the world.

To further prepare students for their future, Eaton Square wisely offers both A-levels and T-levels. Fulfilling academic potential is a priority: all students enjoy specialist teachers, individualised support, regular assessments and exam preparation classes. Though most will choose the traditional three A-levels route, some are more suited to a T-level. The equivalent to three A-levels, the structured T-level programme includes a 45-day (minimum), in-depth industry placement, enabling students to gain valuable workplace experience. The resulting benefit to a student's future employment is evident. Eaton Square's T-level options range from digital production, design and development to accounting and finance.

Moreover, as the only central London sixth form in the prestigious **Dukes Education** family, Eaton Square students enjoy

unparalleled access to world-leading university consultancies, including **A-List Education (the UK's leading US university admissions specialists)**, **The Medic Portal**, **The Lawyer Portal** and **Oxbridge Applications**.

Recognising that sixth form students merit greater independence and ownership of their educational journey, Eaton Square's sixth form blends the benefits of an independent sixth form college with the pastoral focus and academic framework of school life. Each student's timetable is individually tailored to them; the form tutor assumes a mentor role and students wear business dress for school – implicitly encouraging them to approach their studies in the same way they would treat their future working environments.

Environment naturally plays a key part in the success of any school. The setting of this sixth

form is outstanding. Majestically overlooking a historic London square and just a short walk away from London Victoria, access from all parts of London and the Home Counties is simple. Surrounded by cultural venues, business hubs, royal palaces, interior-design districts and more, opportunities and places to develop internships and friendships are abundant.

Enhanced by its unique framework and forward-thinking focus, Eaton Square is on course to fulfil the lifelong potential of each and every student. ☺

To find out more, you're warmly invited to Eaton Square Senior School's next open mornings on Thursday 18 November 2021 (full school) and Wednesday 23 February 2022 (sixth form only) at Eaton Square Senior School, 106 Piccadilly, London W1J 7NL. Register at www.eatonsquareschools.com
