1. Aims

The aims of relationships and sex education (RSE) at our school are to:

- Provide a framework in which sensitive discussions can take place
- Prepare students for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help students develop feelings of self-respect, confidence, and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach students the correct vocabulary to describe themselves and their bodies

RSE relates to our whole school values, in that:

- It allows students to take ownership of their behaviours and actions and feel empowered in doing so.
- Encourages the students to demonstrate empathy when considering the experiences of others.

2. Statutory requirements

In teaching RSE, we are also required to have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

At Eaton Square Senior School, we teach RSE as set out in this policy.

3. Policy development

This policy has been developed in consultation with staff, students and parents. The consultation and policy development process involved the following steps:

1. Review – the Deputy Head Pastoral and Head of Wellbeing reviewed all relevant information including relevant national and local guidance.
2. Student consultation – we investigated what exactly students want from their RSE via a student voice questionnaire.
3. Parent/stakeholder consultation – parents and any interested parties were invited to attend a meeting about the policy
4. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations
5. Ratification – once amendments were made, the policy was shared with governors and ratified

4. Definition

RSE is about the emotional, social and cultural development of students, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information and exploring issues and values.

RSE is not about the promotion of sexual activity.

5. Curriculum

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents, students and staff, taking into account the age, needs and feelings of students. If students ask questions outside the scope of this policy, teachers will respond in an appropriate manner, so they are fully informed and don't seek answers online.

For more information about our curriculum, see our curriculum map in Appendix 1.

6. Delivery of RSE

RSE is taught within the personal, social, health and economic (PSHE) education curriculum, Wellbeing at Eaton Square Senior School. Biological aspects of RSE are taught within the science curriculum, and other aspects may be examined within the form Time and Assembly schedule.

Students also receive stand-alone sex education sessions delivered by a trained health professional.

For more information about our RSE curriculum, see Appendices 1 and 2.

RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds including:

- Families
- Respectful relationships, including friendships
- Online and media
- Being safe
- Intimate and sexual relationships, including sexual health

For more information about our RSE curriculum, see Appendices 1 and 2.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

7. Roles and responsibilities

7.1 The governing board

The governing board will approve the RSE policy and hold the Head to account for its implementation.

7.2 The Head

The Head is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw students from non-statutory components of RSE (see section 8).

7.3 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual students
- Responding appropriately to students whose parents wish them to be withdrawn from the non-statutory components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the headteacher.

Staff Teaching RSE at Eaton Square Senior School are:

- Hannah Sheehy (Teacher of Wellbeing) - Maternity Leave
- Lisa Lobo (Teacher of Wellbeing / Deputy Head Pastoral)
- Robyn Curnow (Head of Wellbeing)

7.4 Students

Students are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

8. Parents' right to withdraw

Parents have the right to withdraw their children from the non-statutory components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher.

A copy of withdrawal requests will be placed in the student's educational record. The headteacher will discuss the request with parents and take appropriate action to ensure that the best decision has been made.

Alternative work will be given to students who are withdrawn from sex education.

9. Training

Staff are trained on the delivery of RSE - it is included in our continuing professional development calendar.

The head will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

10. Monitoring arrangements

The delivery of RSE is monitored by the Deputy Head (Academic) and supported by the Deputy Head (Pastoral) through:

- Learning walks
- Regular meetings with the Head of Wellbeing
- Visiting classes
- Book Checks

Students' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed annually and submitted to governors for approval.
