It goes unsaid that learning is central to school life. However, academic learning is just one part of this at Eaton Square Prep School.

Eaton Square Prep School champions the very best of true learning: academic learning, learning about ourselves and learning to understand, respect and thrive in our ever-changing world.

Academic learning

Eaton Square's outstanding 11+ results, achieved with no pressurised 'hot-house' environment, speak for themselves. **Scholarships and offers from the UK's leading senior schools abound.** Pupils gain places at the likes of Westminster, Dulwich, JAGS, Alleyn's, City of London, Latymer Upper, Eton, Harrow, Putney High and Cheltenham Ladies College.

STEAM is a particular strength of the School. Indeed, this September **Dr Maria Hafalla** joins **Eaton Square** as the new **Deputy Head (Academic)**. An inspirational educator, Dr Hafalla's immense career in science education – taking her from the USA National Science Foundation to European Commission Marie Curie fellowship schemes – will be of immense benefit to the School's young learners.

Learning about yourself

Emotional wellbeing, a knowledge of one's own unique strengths and weaknesses and an ability to communicate confidently are all vital lifelong skills. An **Eaton Square** education is rooted in developing these.

With its **own in-house wellbeing programme** ('The Listening Space'), **Eaton Square's** pastoral support is exceptional and unsurprisingly rated 'Excellent' in all ISI inspections.

Pupils are empowered to explore and unlock their own individual interests **through an extensive range of clubs** (such as Judo, Cookery, Debating, Gardening, Ballet, Swimming, Mandarin and Elite Chess). Communication skills are nurtured from an early age. Impressively, **the School is an accredited TEDx centre**, enabling pupils to rehearse, audition and perform their very own TEDx Talks to a global platform – an invaluable opportunity to articulate themselves at a world-class level.

Learning about the world

Eaton Square pupils are primed to flourish in the modern world (natural and digital).

An official 'Eco School' with top Green Flag status, pupils enthusiastically embrace activities such as recycling competitions, building bug hotels and fundraising for environmental causes. **Digital skills** are instilled through use of fun 'Bee-Bots' (floor robots), Surface Go devices and timetabled Computing lessons. A sense of global responsibility is evident: **Eaton Square** was even named in the **Top 3 ISA Schools for its commitment to Equality, Diversity and Inclusion**.
