Eaton Square Nursery Schools expand to Pimlico

Eaton Square Prep School is launching another Nursery School this September in Pimlico. 'The Nest' will welcome children aged 2-4 years old and follow the same fun yet calm; energizing yet nurturing ethos and design as all existing Eaton Square Nursery Schools. Located in a brand new space that champions learning through play, families can expect a nature-inspired setting, one that emboldens learning, nurtures all-round development and feels like home.

The setting of 'The Nest' itself will nurture children's maths skills, fine motor skills, phonics and an understanding of both space and shape. Located just moments from St George's Park, children will enjoy plenty of outdoor play. It is also a short walk from Eaton Square Prep School, enabling a smooth transition into Reception for those already looking ahead; and indeed for parent drop-offs of older siblings!
